

STRENX[®]
PERFORMANCE STEEL

Just steel? Or a game changer for agriculture?

Get ready to see farming in a new light. With Strenx[®] performance steel, agricultural equipment can be both lighter and stronger. Strenx[®] can drive your business forward.

RETHINK / FARMING

SSAB

RETHINK / FARMING

For smarter, sustainable agriculture

Stronger and lighter equipment has a direct impact on your time, workload and bottom line. With equipment in Strenx® performance steel, you can boost efficiency, refuel less often and harvest more crops in less time and with fewer passes.

Less soil compaction, higher crop yield

Reduced weight, better fuel economy

Longer service life with high performance

RETHINK / FARMING

My Inner Strenx®. A sign of excellent performance

When you spot the My Inner Strenx® sign on sprayers, plows, trailers, telehandlers or any other agricultural equipment, you know it's from a manufacturer who is committed to innovative design, state-of-the-art manufacturing and outstanding performance. Only products that are certified according to strict My Inner Strenx® specifications are allowed to carry this sign.

You can find My Inner Strenx® equipment across the globe.

STRENX®
PERFORMANCE STEEL

RETHINK / FARMING

Efficient and sustainable

Higher crop yields, with a lower impact on the environment. It's possible with farming equipment made from Strenx® performance steel. Your equipment lasts longer, performs better, and the reduced weight equals less fuel consumption. Strenx® contributes to smarter, sustainable farming.

RETHINK / FARMING

Rise to the challenge

The future of farming is complex and demanding. Farmers both today and in the future need to produce more crops, in less time and in smaller spaces. Strenx® performance steel gives you and the next generation of farmers tools to take on whatever challenges tomorrow has in store.
